

Chapter 13

Mortar, Cake And Oil

Another outstanding example of how mankind perverts the truth about Yahshua being the Whole Wheat Unleavened Bread can be found in:

Bamidbar/Numbers 11:

7 And the manna was as coriander zera/seed, and the color of it as the color of bdellium.

Bdellium-From dictionary.com-"A Semitic word akin to Hebrew bedhōlah, name of a fragrant yellowish transparent gum."

Verse-7-We see several things. The temporal manna being a type of the true Hidden Manna was yellowish. This indicates that's it was nutritious and not bleached white bread. Yahshua's flesh, blood and spirit all came from YHWH and thus were all-nutritious and life giving. The temporal manna had to reflect the actual Hidden Manna. The transparent nature, or its clarity, is symbolic of all those who don't spend time perverting it, but simply and continually consume its wonderful truth.

Moreover, we see that it was gummy, or somewhat sticky. This indicates to us that Yahshua the true living and Hidden Manna was given to the sons of men to fully feed us and to stick to us, by staying in us forever more. He was unlike the temporal manna made to last only temporarily, which is why the color was a yellowish gum; to show us that He intends to STICK closer than a brother (Mishle/Proverbs 18:24B)!

8 And the people went about, and gathered it, and ground it on millstones, or beat it in the mortar, and baked it in pans, and made cakes from it: and the taste of it was as the taste of fresh oil.

Verse 8-We see that throughout our history and the history of mankind, man has tried to pervert, or process the true Manna into something that it simply is not. They continue to BEAT UP on it!

To take Yahshua's own flesh and turn it into man's dust natured flesh, is akin to grinding it, or destroying it, in order to bake a different kind of bread, or food, symbolic of religious distortions, that most of us have encountered over the years, when presented with some sort of a hybrid god-man. The cakes remind us that the perversion of the real Yahshua that has instead given Him human flesh and a human nature, also produced Mary the latest Queen of Heaven, as the true Manna was distorted into one of her cakes, or a gift to her, as god's alleged mother (Yirmeyahu/Jeremiah 7:18).

Also note that in addition to baking the manna and destroying it by baking it into different forms of foods, our forefathers turned it into MORTAR. Mortar is used as cement for bricks, to cause them to stay together. This was a clear attempt to lay a different foundation from the one YHWH rained down. Men today have likewise taken the true Manna Yahshua who came LIKE a man and have made themselves mortar. They have used this mortar to build a foundation that is flawed, cracked and can hold no nutrition. What had begun as sweet seed containing wafers, had been perverted by men into something that tasted like fresh oil. This shows us that what man has perverted about Yahshua's single nature into a dual nature, seems to foolish men, to actually be holy, or anointed!

10 Then Moshe/Moses heard the people weep throughout their mishpachot, every man in the door of his tent: and the anger of יהוה was lit greatly; Moshe also was displeased.

Verse-10-We can see that when man attempts to pervert the Manna by breaking down its true nature and substance and by assigning it a different nature, or dual nature, symbolized by the mortar, cakes and oil they are and cannot be contented. They will wind up weeping over what they have done! Why? Because YHWH is not a happy camper. Be sure of that.

The biggest concern for those who have taken the substance of manna and changed it into mortar is that YHWH is angry about the perversion that has occurred to His greatest gift and act of love. You are responsible for what you eat in the natural, as well as in the

spirit. You simply cannot blame the packaged religion that has taught you the "dual natured Messiah," just as you cannot blame the food manufacturer with all his added preservatives that make you ill. No one made you eat that processed food. You could have read the label and not eaten it. You still have time to read the label of Scripture and reject the white bread that is the mortar of a false foundation.

Moreover, when a leader, or a believer receives the revelation of the true Hidden Manna Yahshua and he, or she hears the people perverting the manna that they have received by YHWH's grace, they are grieved and broken. I can understand how my namesake felt, as many have simply refused to take another look at the heresy of our fathers, by adopting without further examination the hybrid god-man perversion.

Some then, try to explain this hybrid god-man through mysticism, such as the nebulous yet nefarious Kabballah-istic tree of life and its interpretations. I had one man, a leader, try to tell me that the "penis of yesod/foundation impregnated the womb of malchut/kingdom, or Mary's womb, to produce the baby Yahshua the tifereth/glory, or beauty of YHWH."

Is it not far easier to simply believe Scripture, without such a comical scenario, pulled out of the archives of some rabbinic Yahshua denier of 500 years ago? No doubt the dual natured Messiah seems to these Kabballah-ists as a sweet cake, or some fresh oil/explanation of Yahshua's nature. But Kabballah and the mortar it has often produced do not impress YHWH.

Any true, or seeking Yisraelite, would be grieved by what our people/believers have done to the Manna given by YHWH in His love and care for our waywardness. The temporal manna should serve as a wake up call to us today, so we too can make our calling and election sure by consuming only the true Manna and avoiding the desert cuisine of our forefathers!
