

# Joseph's Bones

He gave

Gen 50:24-25 - Bones - Eternity - substance & strength. Heb. 11:22 - orders!

Gen 50:24 - All the children of Israel are under an oath. This oath is a perpetual pledge to Joseph's House. This promise had a immediate historic fulfillment 430 yrs later. There is however an eschatological aspect as well. In Exod 13:19, it is Moses or the House of Judah carrying out Joseph's bones. This is prophetic of the Isaiah 11:13 promise that in Messianic times the House of Judah would not neglect or trouble Ephraim, rather would carry their bones. v.16 of Isaiah 11, compares this unity and burden sharing as reminiscent of the Exodus. When Moses & Joseph move out of bondage together as exiles or "MIA", the shaking descends Ex 13:19-22, & abides. When the unity turns towards idolatry, judgement ensues. Joseph's bones were kept out of the promised land by judgement on an idolatrous, divided people. As long as the nation of Israel remains divided Joseph's bones will find no permanent home rest in the promised land! Under Joshua, Joseph's bones finally made it into the promised land.

Israel, under Yah is my salvation that gave Joseph's bones rest. Josh. 24:32-33, Act 7:6  
As it was then so it is now. Only Yahshua our Messiah can lead a reunited, rebuilt, reconstituted nation back into the land of Israel and out of the wilderness of lost identity. Josh 24:26 The promised return to the land of Joseph's bones, brought about a renewal & revival towards Torah. According to Ezekiel 37:23-24, the return of Joseph's bones under Messiah Yahshua, will result in a forsaking of idolatry & re-adoption of Torah. In Joshua 24:26, we see that Yahweh's holy place is always accompanying Joseph's returning bones. Ezekiel 37:26-27 confirms this. For Jewish Israel to experience His shaking, they need to actively involve in doing what Moses did & bring Ephraim home physically to the nation & the nation's land & spiritually rescue them from Greco-Roman Popery! Joshua was an Ephraimite Num 13:8 & took the responsibility of returning Joseph's bones from Moses the Judahite. Yahweh desired that

both houses of Israel share in the responsibility of returning Joseph's bones to Israel!  
This is a prophetic picture of His desire for today as well! All Israel take the vow.  
All Israel is under the vow! According to Jer 31:31-32, both houses came out of  
Egypt through their fathers. Both houses are responsible like Moses + Joshua to bring  
Joseph's bones home. Joshua 24:32 - Joseph buried in Shechem. Shechem means the  
neck, between the shoulders, to incline ~~the~~ shoulder to receive a burden. Joseph  
+ His house were buried in Shechem. When the gospel came to the world it had  
been placed primarily on the shoulder & neck of Joseph's seed. Carried on the neck!  
The neck symbolic of "Torah & Full Grace" coming together between the shoulders!  
In the land of Israel - Ephraim, will find balance between Torah <sup>Grace + Full Grace</sup>. In the House of Joseph's understanding of  
their mission of being Shechem, they find rest. Resting in Shechem, Balancing both Graces!  
Ephraim will find substance & strength resting both home in Shechem! balancing  
Torah grace + Full Grace! Read Ezek. 37:11-14!
