

taking over. Another's Ministry calling is successfully achieved by those who have proven their faithfulness & steadfastness either in Team or Groundbreaking Ministry. This person is then tried & tested & is allowed to reap another's labor.

The sower did not reap. The reaper reaps & is held most accountable for the work. If the reaper is humble & faithful, both sower & reaper rejoice together. This

training for inheriting another's work, is done best by intense individual mentoring. Examples: Joshua enters Moses' work, Elisha & Elijah, Timothy enters Paul's work, Solomon enters David's work, Yahshua enters John the Baptist's work. John 4:38.

This entry is the most fruit bearing, but also the most ~~vulnerable~~ vulnerable to greed, pride, comparison, invidia, & misgivings over motives. Satan will not 'break ground' or be part of a team. He does often gain entry by

putting up strife when one enters into the labor of another. Most susceptible to division & split. Big risk

BUT big rewards.
