

Naturalized Pearls

Matt: 13:45-46

(John 4:23)

The Pearl seeker is our Heavenly Father. The Pearl of Great Price is his bride, New Covenant Messianic Israel. The "Great Price" was the suffering of Mashiach that he endured in order to obtain his bride.

Unlike minerals that are formed in the ground which according to scripture remains cursed, the pearl is formed by being inside a living being. Yehshua's bride is formed only by a non-earthly birth & an formative existence in Yehshua.

In Genesis none of the animals taken from the ground could become Adam's wife. Chavah had to be taken out from a living being. The earthy minerals are referred to as religion. Only that born & maintained in & thru Yehshua, can qualify as His bride. 3 types of pearls:

1.)

Imitation pearls are worthless. They are made by coating glass beads with a substance extracted from fish. Is it not interesting that the early Judeophobic church, had the "Ichthys" or fish as its pagan symbol. Just as liquid is extracted from fish scales to make imitation pearls, so do false teachers extract ideas from Yehshua & coat it with falsehood. "Syncretism,

Babylonian 2) "Cultured" pearls - Are formed inside the oyster when man places churchianity, a "seed" of a grain of sand inside it. This seed becomes a pearl over time. But because of human intervention, they lose their color & luster after a few decades. This pearl is like many religions that start off being genuine moves of the Roach, only to unravel & lose credibility & luster due to human interference.

3.)

Natural Pearl - Begins with a single grain of sand. "I" draw

into the oyster. Abraham-Isaac-Jacob, were that seed around which Messiah's
New Covenant Body was formed. The oyster secretes nacre - a part of itself to
cover the sand grain in many layers over a long period Every generation
is a layer and the body grows by adding layers of believers until it
becomes the pearl of great price, which never loses its natural beauty
color & luster! ✕ Just like a pearl of great price takes 7 natural
years to form, after 7,000 years of history His pearl will be
perfected! This pearl both absorbs & reflects light! The light of Yeshua!
Only natural pearls unlike minerals can absorb & give light! Pearls can internalize
light, not merely reflect it! (Cor 15-49!) We internalize His light! We become light
bodies - Only human sweat can cause blemish & spots to a pearl. (Gen 3-19).
Man's flesh or sweat induced works can blemish a finished pearl. These blemishes
can only be removed by washing the pearl in water after each use! (Eph. 5-25-27!)
Rev. 21-12 the pearl gates are the entry pts. for the ^{blood} washed & changed
children of N. Covenant Israel!
