

Sukhoth: A Time of 153 Fish

John 21:10-11

Sukhoth looks forward to the atid laavah when all Israel is redeemed, restored & returned. All nations will be under Israel's authority in the atid laavah as they honor Israel's King by keeping Sukhoth Zoch 4:16. The 8th day speaks of eternity Olam Habah where all believers dwell in Messiah's tabernacle Rev. 21:22. How does the 153 fish tie in?

John 21:3 - They caught nothing, without Messiah's will, mind & help. Matto 4:18-23, Talmidin were called to fish men not fish. Fishing was to be in Galilee initially. Man is a Hebrew term (Adam) referring to all of Israel's lost sheep. Ech. 34:31, Ech. 36:10-11. Fishers of Men, is a term that equates with fishers of lost Israelites. Fishing in the Sea of Galilee Sea in Hebrew thought is the symbol of the nations. When were they sleep to be found? Filling the nations. Gen 48:19, Gen 48:16. Growth is "dagah" Strauss Ex 7:11 connected to dag-fish. Israel was to grow into a teeming multitude of fish, in the sea of the nations. Yehshua appears in John 21:4, early morning, since Torah also given early morning. Ex. 19:16. Yehshua shows up standing on the sand of the beach John 21:4, a metaphor for his presence among all Israel, Hosel:10. Jer. 16:15-16. The fishermen of Yehshua were to find Israel & return them to truth. In John 21:5 Messiah looks for fish, for results. He finds none. Why? Did not fully comprehend their role as fishermen. To correct them he tells them to fish on the right side of the boat v.6, symbolic of righteousness, Torah Messiah who is seated on the right side of Abba on the side of mercy. It will be mercy that leads Israel back to repentance. John 21:11. 153 large fish. Yehshua & his disciples are both the "light of the world." Light is a name of the Temple or building of Yah, since the flame was extinguished in the holy place before the veil. Yehshua was called to rebuild Israel even as Betzalel was called to build the ark & tabernacle, (Exo. 31:1-5) Like Betzalel, Yehshua had the same spirit (Isaiah 11:1-2), so as

to build the renewed temple, or the body of Messiah. John 2:19-21
Yahshua said that His body or Tabernacle would be finished in
3 days or 3,000 years. Eph 2:19-22, confirms this building plan
of Yahshua's tabernacle. Like Messiah we as fishermen are to
earnestly rebuild Israel's tabernacle like Bezalel did. Bezalel means
"In the image of El". He built the tabernacle in the image of
El. The numeric gematria of Bezalel is 153. The 153 is the building
numeric code for the building of the "temple of Yeh". Yahshua
was sent to rebuild Israel in His Father's image. Thus
after obeying Messiah the net (Kingdom) was so full of fish
that it couldn't hold more. The 153 large fish is a ~~code~~ ^{code} that
true fishers of men, will build Yahshua's spiritual house in the
exact image & way as Bezalel built the first spiritual/physical
house, in the wilderness.

Close - The 153 fish are those made in the image of El called
to build the tree sukka not made with hands, in the heavens.
Like Bezalel we are made in His image, called to shine the light
in His renewed temple, as was the nair tamid in the 1st
tabernacle. We are those called to use the "net of Torah" to
build to pattern. When the net is full of Israelites shining in
His spiritual temple (153) Israel will have been fully repaired
symbolized by nets that did not break. ~~This net then~~
is drawn from the sea - (nations) back to land. What land?
The land of Israel! in the millennium. in the "yom she'asrah
shabbat". The net will ~~now~~ again be torn as it was in
the days when Israel was torn into 2 houses. Selah.
John 21:12 - In that day, all farts of sorrow will be broken
as a new day has dawned over all Israel.
