

Abortion - The American Scourge -

Text: Genesis 25:23-26 Children of God who have committed abortion, are

totally
forgiven
by the blood.

Abortion is not a political issue. The devil wants to make it one. Abortion is a Biblical issue. Abortion is openly, plainly and continually condemned in the Word (Both Covenants). We as people of faith, must not allow the devil to continue to use this issue as a political football. We must declare to the world that this is a Bible issue with clear direction from God. Either abortion is murder or theft.

Genesis 25:23-26 - God does not wish to steal rights for women. He does however forbid abortion. That is his sovereign domain. That is not violating choice. God told Rebekkah that there were two nations in her womb. Not two boys. If she had aborted them, she would have been guilty of genocide. Had she done that the Jewish nation couldn't have been born & Yeshua couldn't have been our redeemer. God's plan would have been aborted. One life aborted could have wiped out several generations as well as nations. Example: What if Mrs Noah had aborted her 3 sons? Ripple effect.

Genesis 9:6 - "Capital punishment. If a woman terminates a pregnancy, that woman must die. This capital punishment predates Torah, and is an eternal principle not limited to any dispensation. If the woman obeys the Lord, she has the Lord's full & blessings to multiply. (U7) If the earth is going to be filled with human beings abortion can't be happening.

Jeremiah 1:4-5 - Yeshua personally speaks to Jeremiah. Jeremiah was ordained by God for his ministry, and was given his name before he was conceived. Had abortion taken place a major prophet would not have fulfilled God's will. It was not up to any human or man made institution to determine when life begins.

John 15:16. The same Lord who ordained Jeremiah, has ordained you & I.

Psalm 139-13 - God weaved us in our mother's womb. V.14 - We are all something special to God because it is He alone who did the weaving of all our inward parts. V.16 - There is a heavenly checklist of our progress in the womb. God was drawing up plans for us and our days before we even had days given to us.

N.T. confirms the truth about abortion. Matthew 1-20. The conception in Mary was the man Yeshua. He was Jesus upon conception. Not 9 months later. God planted His Son in Miriam's womb. Could you imagine what might have happened if Joseph, had decided in anger to abort Yeshua?

Luke 1-13-15 - Zacharias Hamekhal was a possessor of the indwelling Ruach Hagodush, while still in Elizabeth's womb. John the Baptist was ordained before he was born, like Jeremiah was in O.T. He had an eternal soul in Elizabeth's womb, with a full baptism of the Spirit. John The Baptist was Israel's greatest prophet because he heralded the Messiah & he had the Spirit in his mother's womb.

Luke 1-44 - John the Baptist had perfect hearing in Elizabeth's womb. He leaped for joy when he heard the voice of the Messiah's mother. He was very much a person. A fetus is a person.

The case has been made. The evidence is clear. Let demons tremble.
