Text: Eph 5:22 "Guarantee": Victory In Marriage.

Definition: ~~Submitting~~ "Yielding your will to someone who loves you."

v.24

- ① Submit - Means that a wife is to be harmony with divine govt. By submitting to the Lord, she will be in harmony with her husband and divine govt. She is not to set her own agenda or plans. She is to make sure that her agenda is in harmony with the Lord's leading in his life. Submit does not mean be a door mat. It means harmonize yourself with him even if he's unfair, as long as he does not lead you into sinful ungodly behavior. When a woman harmonizes with her husband, she is in submission to God (Amos 3:3) Make no decisions without harmonizing with your husband. Do nothing without consultation. v.24 - Even as the Levitical take orders from Yeshua. So let the wife harmonize with their husbands in all things. Always follow him. Because by doing so you are protected by divine govt. Impasses must be settled by the Lord. God has designed the burden of leadership to fall on the man. Be his partner, helper, collaborator, teammate. Don't make plans for him. This will build resentment in him. God usually gives direction to the husband, for the couple. This humble attitude freed the ~~Woman~~ women from prison. When he makes a bad decision, who will God come looking for? Genesis 3:9 -

~~When~~ When a woman yields & surrenders her will to her husband, you are meeting his primary need for respect & recognition. Sex is not his main need. His primary need for recognition & respect will drive the relationship. Women need to learn how to characterize for their husband. He needs recognition & respect in his role & in his work. Learn how to put up his male ego. That's good.

v.23-

The husband is a type of savior over his wife & his marriage.

Just like Yeshua is savior of his body. The husband through daily provision is a physical savior to the woman's body. He saves you physically, often. Learn how to focus in on what he does right & start cheerleading with praise, respect & recognition.

2. Man's desire is to use women as trophy pieces publicly & as doormats privately. We love to snuff out her individuality. We have a lust to abuse power. V. 25 - Love your wife. Why would God tell believers to love their wives, unless they weren't doing it. A man loves his wife by:

With authority comes responsibility.

1. Teaching her God's Word - Disciple her. Share God's word with her. Be her spiritual mentor. Most of the Word coming into your home should be through you.

2. Willing to die physically - U. 25 - Greater love does not exist than a man laying down his life for a friend. John 15:13. If a husband is not willing to protect his wife from danger by dying for her, if necessary, then that love is not Jewish's love of agape, since he already died for the salvation of his bride. Instead of dominating, suffocating, holding them, mistreating them, abusing them, you should love her enough so that she clearly feels secure in your protection.

God has called husbands to forsake Philia love & adopt agape love.

U. 28 - Men ought to treat their wives as temples of the spirit, that cannot be mutilated or abused.

U. 29 - We are one flesh with our wives. When we dominate & suffocate her individuality, we mutilate our own flesh. We are to nourish it not mutilate. We are not to confuse sameness with oneness.

We are to protect her, provide for her and nurture & cherish our own flesh. Always appreciate her.

A woman's primary need is not sex. It is to feel secure, appreciated, protected, and secure in her home, in her relationship. Women need security & stability. Women need a security blanket. (Men are called to do that.) Women don't know that you cherish & love them unless you show it. The devil has told us that women don't have to hear of appreciation such as, flowers, cards, gifts. All these things enhance her ~~feeling~~<sup>sense</sup> of security, by confirming the fact that she is involved in a romantic relationship.

Romantic gestures tend to reinforce a woman's security. She must know that her personhood is important to him.

Sanctity - Men must "sanctify" or set ~~apart~~<sup>their wife</sup> from any other affections.

Her - You must learn to love your wife more than your kids, more than your ministry. She must be the #1 affection in your life. In the same way that the Khabalah is set apart by God, above other affections, so must the wife be sanctified.

\* A woman once she feels sanctified & secure, will follow her man anywhere. She must first perceive sacrificial love.

v.32- We are to protect, defend & feed her God's word, just like Messiah does to us. v.23- We are called to save her physically. She should be the sole recipient of "agape unconditional" love.

v.21- Close - When the husband loves his wife unconditionally, ~~he~~<sup>he</sup> is harmonizing with her, just like she is to harmonize with him. Learn to harmonize together. When two people harmonize their relationships a marriage can be healed. God's goal is v.21.

He first gives the goal or solution, then ~~in~~<sup>in</sup> v.22-33, he gives us the solution of how to get there.

The main reason God wants ~~his~~ believing marriages,

2 Peter 1:5

## "Marriage Survival, Exposing The Devil."

Your marriage cannot survive without first exposing the devil. Gen 2:21-22 God ordained marriage, to be trouble free, hassle free, tension free. He ordained marriage to last forever. He created marriage to be a complimentary team. He created it to multiply itself in every generation. "Does that sound like your marriage?" What went wrong? 2 Corinth 2:11 "Satan seeks to take advantage of our ignorance via a viny the institution of marriage. Due to the fall the institution is cursed in its present state. It is an earthly institution under the umbrella of the curse. Your marriage is under a curse until Yeshua returns. Now what? The institution of marriage is unredeemable, and hopeless. Now you know why you're having problems. "Two imperfect people entered an institution under divine judgement." God does redeem people. Our marriages flourish and be workable if we allow ourselves to be worked on by the Lord & changed to his image. He does redeem & mold & salvage people, within the institution.

"We as individuals and the relationships we're in, are the target of God's redeeming love. Matt 22:29-32. People that think that the institution of marriage is redeemable are rebuked by Yeshua. God limited marriage to this earthly realm. No cursed institution can enter heaven. Satan specializes in destroying all marriages, especially believing ones. 58% divorce rate in the UK, 50% in the world. We are under attack. We must learn his weapons in order to survive in our marriage.

Eph 1:17 & 18 & 19. God is willing to open your eyes by his power.

The Key to safeguarding your marriage relationship is "revelation knowledge."

have authority, power to fight the devil, by divine knowledge.

We as individuals are no longer under a curse. But the institutions are.

Gen 3:8 - When marriage as an institution was apart from God's presence, became cursed. Adam & Eve were the world's <sup>1st</sup> homeless couple.

We inherited a stinky marriage from Adam & Eve. Every marriage since the Garden, has been homeless. We all were intended to live in God's garden. Since your marriage is homeless it is still under a curse. God is not interested in saving marriage. He is focused on saving your relationship with your spouse. No one has a good marriage. You may have a good relationship. 2 Cor 10: 4-5 - God gave us weapons to safeguard our relationship not our marriage. God changes people.

The devil has 4 main weapons or areas of attacks. His 4 weapons are used by him against every Messianic marriage.

Genesis 3:16

① Women Will Have To Fight A Desire To Rule Over Her Husband - Women seek headship, and authority, & priesthood. Women like to make decisions without their husbands. Every woman will be tempted to seek his leadership position. Gen 3:16. Only submission to the Spirit will allow women to resist this temptation. Trying to usurp a position that God didn't give them, this desire will never leave. 1 Cor. 11:7-9. Women are teammates. (Give solut

② Men Will Have An Ungodly Appetite & Lust For Dictatorial Power. This lust causes men to be boastful, proud and arrogant. Their leadership becomes a lustful desire to suffocate the woman's liberties and individual personality. God never gave Adam dictatorial dominating power. The male ego has an appetite that the devil is more than happy to feed. This power when it goes to his head, results in suffocating his wife. The natural result of this is physical & verbal abuse. Power corrupts. Absolute power corrupts absolutely. (Give Solution).

③ The Blame Game - Genesis 3:12 & 13 - Everyone's blaming God. No one takes any responsibility. The buck is passed. No repentance or confession or healing can take place in this kind of a situation. God will change you if you take accountability. Divides relationships so that marriages cannot fight & overcome the devil. It's Satan's main device tool.

The Shame Game - Your relationship is what it is. It can never really change. I am what I am I'm hopeless. I'm ashamed of what I am. I'm hopeless. I cannot change. This is a Satanic Lie. I'm too old, too fat, too uneducated, too set in my ways. We've tried for 20 yrs in our marriage, and nothing's changed. Wrong. The devil has blinded you to the change that has already taken place, & wants you to end your life & your marriage relationship, so that God's plans to change you & your spouse, never come to pass. Don't believe the shame game. This is Satan's game, designed to short circuit God's plan. Close - God heals relationships by healing people. Healed people make godly spouses.
