Massa - S# 4853

Proclaim! The End Time Responsibility
of Our Union!

Message - Burden - ^{works} for the Union to prepare the way for Israel's 2 house reunion in the millennial we must have • a burden • his burden • his vision to enact the burden.

Only His massa will be faithfully & successfully discharged. An organization without a divine burden ^{to charge} is a denomination. Massa - the burden must be received by each member individually. Then we take that massa and by enacting it, we pay him tribute & honor. Massa also means a tribute to Yahweh. By enacting only His will, we pay him tribute, like man pays taxes. Massa - also means "an utterance of doom." If we are enacting His burden, it will sound like an utterance of doom to many. Those who oppose the full 2 house restoration, Ezekiel's burden, will perceive the good news of the end of our exile, as an "utterance of some kind of doom." Those who are ready & willing to carry the message of 2 house truth, will do so often in prophetic song, prose, or metaphor, as the 2 house message was often given in that form by the prophets: What song of divine burden have Yahweh called us to carry? Massa - works of Yahweh by divine burden.

• 1) Know your material. Know your role as a deliverer of His burden for national restoration. Know your responsibilities as a forerunner. You will never deliver ~~the~~ message, if you don't study the message. 1 Tim 2:15.

• 2) Know & exclusively use His Name. Jer. 23:25. True latter day prophetic revelation will only be anointed & sealed if it is invoked & delivered in His Name. Jer. 23:32-38. Our burden in the Union, given in His name will end the false massa that Israel has been feeding on. Seal of a divine burden.

• 3) Know that Israel's 2 house will not be fully restored by a timid burden calling for compromise in a spiritual peace process. Our Union must sing the prophetic calling of "peace agreement" Isa. 11:13-14, not processed by warring. We must know & walk out the call of delivering an established peace Eph. 2:14, 19. Our Union must know that peace between the 2 houses is not a process but a finished work, that we must proclaim. Those Rosh bolker is more important than method.

• 4) Know that to maintain the peace we cannot engage in compromise, but must wage continual spiritual warfare against all forms of paganism in Israel. Jer. 16:19-21. Ezek. 37:22-23.

• 5) Know that shigguts is an internal enemy. Shigguts whose root is shagat or silence S# 8251, is a Hebrew word for unclean detestable practices. Our Union must not succumb to the tendency towards "tamei-shigguts."

06) Know and pay ^{our Union must not be in any in dependence from synagogue} tribute to our calling by restoring women's roles in national Israel that was twisted and botched by the church system. Our massa must include a conviction to recapture 50% or more of the workforce, as we allow Yahweh the authority to place women in any and all roles He himself has destined. Gal 3:28, Matt. 9:37-38 ^{Bring back rabbis from the House of Ephraim.}

07) Know that our calling is to adopt Torah for all believers in Renewed Cov. Israel. We must see the massa of Yahweh to have one people, with one standard of rule. Only Torah adoption can end man's tendency to judge self rigidly & hypocritically by invoking manmade standards. We are called to reset the true standard of equality. Torah for all Israel, All Israel for Torah & judged only by Torah. Numb. 15:29, Eto. 12:49, Eph 4:4.

Jer 31:31. Only by calling for One Israel being Torah, will we be released from that. Let us discipline equally all Israel by Torah, not by Sunday Schools standards.

08) Know that our burden is to withdraw from participation in any work, ministry or outreach that attempts to reconcile the church & Israel, by allowing both entities to remain separate. Our burden is to call Ephraim out of the church not to identify them as the church. For true Ephraimites are not the church, but are looking for a

lifeline to be rescued from the church: 2 Cor. 6:14-17. Ephraim is not the church. Ephraim is a scattered people in all nations, languages & all religions.

We are called to call Judah out from the world & Ephraim from the church, not to reconcile 2 institutions. All believers of Israel & that is the peace we are to proclaim! We must proclaim finish work reconciliation between the 2 families of Israel, not negotiate or compromise a peace process between institutions. People of Israel need reconciliation to each other not the institutions of the church & synagogue. One Israel through Yahweh!

Eph. 2:20, is our call to rebuild David's Fallen Sukkah. Building begins once peace is accomplished in Eph. 3:19.

Close - A divine massa, cannot be sold, shifted, transferred, or even taught. It must be received from Yahweh. Let His imparted vision set a straight & narrow course for our Union. Then you will be found paying him the tribute He desires, as you do his massa-works.
