

Current Events Prompted Me To Think (more than I should (: )  
Some Thoughts Allow Me Please..Heavy week that was!  
Based on week of 2-9-07

- ANNA NICOLE SMITH-The tragic life and predictable death of Ana Nicole Hogan/Smith/Stern was another clarion proof and warning to all who sell out their soul for any temporal worldly acclaim, career and fame. Regardless of beauty, looks, or sex appeal, we see in death that Anna Nicole had a human heart, a liver and other HUMAN organs like any of us ugly ducklings

(:

And when you sell your soul to the devil in exchange for any temporal gain, he will kill you spiritually and physically when he's done mocking you. As our Creator and Savior Yahshua of Nazareth said "You CANNOT SERVE YHWH AND MAMMON. You will love one and hate the other, or cling to one and despise the other." She made her choice many years ago and now she has reaped her deal with the devil. We ought to make sure by taking constant stock of OURSELVES as believers that we have made no short term, or long term deals with s.a.tan that would in any way hinder our full service to YHWH. Ask yourself this in a quick litmus test. Is most of your time and week spent making money, or positioning yourself for better finances or positions of power, or is it worshipping and understanding YHWH's salvation and purpose for the world thru His only begotten Son? When you answer that honestly, you'll know if MAMMON has perhaps subtly and over time become your personal deity!

- HOW TO TURN THE WEB KOSHER-After much deliberation and thought, I have seen that using the Internet on Shabbat should be a limited activity for spiritual edification and not for profit, or commonality. Let me explain. While i believe using the Net to listen to a Shabbat service i.e. YATI, or studying Torah is fine, checking e mails, or answering e mails, or using the Net to engage in the activities that are mundane and common during the week, should not be done. This way, you can use it for YHWH's glory alone and separate it from the common instrument that it normally is and thus turn it into a kadosh/holy tool for the kedusha, or the holiness of Shabbas/Shabbat.
- KEY END TIME SIGN-With all the Anna Nicole and "astronaut in diaper" murder plot info in the news these last few days (seems like so many of these kooky events happen where I live in Florida, US of A), I think many of us, hopefully not all of us, have missed another KEY end time piece of evidence that Saudi Arabia and not Rome is the headquarters of the end time beast kingdom just this past week. The civil war type fighting between Hamas and Fatach in the Palestinian occupied West Bank, had no apparent settlement, despite attempts to calm things down through third party brokering. Ahh.... but wait; the head of the beast kingdom in Riyadh Saudi Arabia summoned the two little boy factions into the room of the House of Saud, stuck an oil dripped finger in their faces and ordered them to stop fighting and to reach an immediate accord to form a new national unity government that would share power. And puff...lo and behold, their instant peace and a new unity gov't. Only the head, or the authority of the best kingdom could call for a few scolding sessions and turn these rivals into lovers by threatening them with the same thing they threaten the rest of the world with. No oil or MONEY to pay their payrolls and services!!!! This is exactly what Revelation/Gilyhana tells us about this whore sitting in the SAME landmass as ancient Babylon. She caused both parties to drink of the wine of her fornication. And now, there is the Muslim version of shalom!
- As an interesting side note, in TRUE Islamic belief based FULLY on the Koran, PEACE, or the concept of Shalom, is available to all humanity, as long as that humanity is Islamic. Thus Islam also believes in 2 houses. The "House of Faith" in Allah and Mohammed and the House of the Kufars, or the infidels. This is a perversion of the 2 house truth for sure...nevertheless we know s.a.tan is the great counterfeiter and he has his own 2 house perversion. So basically the Islamic philosophy is come into our house for shalom. Stay outside our house and we will make sure there can never be shalom upon you!

- KEY END TIME SIGN NUMERO DOS-And finally the overspreading or the spreading of abomination preparing the way for Islamic Mahdi/anti messiah is already underway, as today Muslims camped in the Al Aqsa Mosque all the while demanding an end to Jewish worship on the Temple Mount and all the while planning to build a new mosque, or EXPAND the abomination, or overspread the abomination of Al Aqsa, to the northeast corner of the mount, the very spot of the ancient Holy of Holies. Read Dan 9:27 carefully and you'll see that this is exactly what the Islamic anti messiah will do. He will expand the EXSISTING abomination and these plans announced this past week are clearly another sign of the coming of Yahshua.

Well anyway, chill out, stay cool, and let the Shabbat be really different from all other days in what you practice and how you live, thus allowing it to be noticeably special before YHWH your Elohim!

Shabbat Shalom!
