

Friends,

What you will find below and attached, may well be the most important "how to" guidelines on how to PERSONALLY observe the correct feasts and Shabbats ever released.

For years now, those keeping biblical solar lunar calendars have had to make their own calendars, based on the relationships between the earth, the sun and moon, in order to try and follow the 2 heavenly witnesses.

While those intentions were good, especially since we needed to present a calendar to our families, who thought we were nuts to begin with, and for employers, clients and scheduling with them and also to plan things; yet there still was an inherent problem in that method. That being that man, once again, presented you with a calendar and thus by definition, like the Jewish calendar, it became manhandled, or handled by flawed human hands.

Of course it was mostly accurate and pioneers like Warren Smith Sr. and Jr. helped all of us get started into the truth of YHWH's times, with their **OUTSTANDING** and useful calendar; but the fact remained, that if the 2 heavenly witnesses themselves were the only calendar that we needed and that YHWH still wanted His disciples to learn to read and determine it for themselves like our forefathers, then a change and paradigm shift had to come.

A change whereby each man, woman, boy and girl could learn, read and understand the calendar on their own, because Psalm 19 is clear. The sun and moon and the stars in a smaller way, determine ALL days, ALL nights, ALL annual feast DAYS, and ALL week DAYS, including the weekly Shabbat. No verses in Scripture allow us to somehow divorce the Shabbat Day from being determined in the same manner as all other days.

### Yud Tet

Psalm 19 The shamayim declare the tifereth of El; and the expanse shows His handiwork.

2 Day-to-day utters speech, and night-to-night reveals da'at.

3 There is no speech nor language, where their voice is not heard.

4 Their line is gone out through all the earth, and their words to the end of the olam. In them has He set a sukkah for the sun,

5 Which is like a bridegroom coming out of his chamber, and has gilah as a strong man to run a race.

6 Its going forth is from the end of the shamayim, and its circuit to the other end: and there is nothing hidden from its heat.

7 The Torah of YHWH is perfect, returning the being: the testimony of YHWH is sure, making wise the simple.

**8 The chukim of YHWH are right, bringing simcha to the lev: the commandment of YHWH is pure, enlightening the eyes.**

Genesis 1:14 reminds us that the times determined by the sun and moon are all **VISIBLE WITNESSES** that can and should be read in the heavens alone. Exodus 31 confirms this! Granted this takes time and training, after thousands of years of reliance upon Julius Caesar, Pope Gregory and yes even Hillel the 3<sup>rd</sup>!

But, with the Great Tribulation so near and with the Islamic end time beast set to close all internet access, unless one pledges trust in Allah and takes His mark “The Shahidah,” we must rapidly return to the abilities of our forefathers before there was a US Naval Observatory to consult. In addition, we have found the US Naval Observatory in **CLEAR** error in some instances, regarding their calculations/guessing/manhandling of the molad/conjunction, which determines New Moons and all weekly and annual Shabbats. Granted, it may not be their technology that was incorrect, but perhaps their webmaster, or web administrator, or the one that reads, or posts the data. Human frailty still enters even into a technologically advanced setting.

Now if we get that wrong (the molad/conjunction) the entire month will be out of whack. As long as they are online, they can be used as a third confirming witness, but the primary 2 witness of Scripture must always be the sun and moon, all the more, as we see the day of Yahshua’s return approaching.

In that spirit and urgent need, BYSW has published the first set of “**HOW TO GUIDELINES**” that you can take to the backyard, or front yard and **KNOW FOR A SURETY** and **CERTAINTY**, that you have all the days and appointed times of YHWH right, as Exodus 31 and other texts remind us that the weekly Shabbat must be a visible sign-ot. If it can only be found on a manmade calendar and not in the heavens with the eyes, it is a **FALSE** Shabbat without a visible sign!!

**12 And YHWH spoke to Moshe, saying,**

**13 Speak also to the children of Yisrael, saying, *Truly My Shabbats you shall shomer: for it is an ot between Me and you throughout your generations; that you may know that I am YHWH that does set you apart.***

**14 You shall shomer the Shabbat therefore; for it is kadosh for you: every one that defiles it shall surely be put to death: for whoever does any work on it, that being shall be cut off from among his people.**

**15 Six days may work be done; but on the seventh is the Shabbat of rest, kadosh to YHWH: whoever does any work on the Shabbat day; he shall surely be put to death.**

**16 *Therefore the children of Yisrael shall shomer the Shabbat, to observe the Shabbat throughout their generations, for an everlasting brit.***

***17 It is an ot-VISIBLE SIGN between Me and the children of Yisrael le-olam-va-ed: for in six days YHWH made the shamayim and the earth, and on the seventh day He rested, and was refreshed.***

The guidelines below will help you determine the appointed times of YHWH on your own without any manmade calendar and you will be able to apply these guidelines locally in any time zone, longitude, or latitude position on earth. Please save and store these for ongoing assistance.

Therefore from now on and henceforth, as far as we the governing body of BYSW are concerned, we have released the people of Nazarene Yisrael to use these guidelines for assistance, freeing all to receive YHWH's calendar from the heavens, directly by His 2 FAITHFUL witnesses and releasing all men from both the intentional and unintentional manhandling, that sadly all calendars fall victim to.
