

# The Earthly or the Heavenly Jerusalem?

By The RAMYK

Moon 7 Day 29 5971 SC

The debate in the solar-lunar calendar community is whether we should follow the Jerusalem conjunction to determine YHWH's Shabbats and annual moadim, or whether we should use the sun and moon based on the local time that we happen to find ourselves in.

The issue as I see it is not so much a right and a wrong, but rather which Jerusalem we are citizens of and which Jerusalem we should be aligned with in this wicked and adulterous generation. Assuming that for unity's sake, in order for all biblical Shabbat keepers to keep the same day, assume we all follow Jerusalem time in Israel; we still will not be on the same day. Because if the MarYah Yahushua is right and we know He is always right, then there are not 24 hours in the day like both the Roman and Jewish calendars teach us, but rather there are only 12 hours in a day. In Yochanan-John 11:9 the Master Yahushua tells us that the day consists ONLY of the 12 hours of light and that darkness is not a continuation of the alleged 24 hour day, rather it is the separation between two separate day or light periods.

Therefore places that are 12 hours or more away from us, like China and Australia, will ALWAYS celebrate Shabbat and Rosh Chodesh in a DIFFERENT LIGHT PERIOD.....now if you want to revert to error and make a DAY 24 HOURS, like the ROMANS and the Jewish people, then Jerusalem Israel time makes more sense, as TRULY all Shabbat keepers are within the same 24 HOUR DAY-NIGHT CYCLE.

BUT if a day is separate from night and is only 12 HOURS on average, as both Genesis chapter one and John 11:9 teach us...there can NEVER be a uniform or a unity Shabbat....it becomes a total waste of time. For instance, while it is night in Australia, it is DAYLIGHT in Florida and by the time a new DAYLIGHT dawns in Australia, the old day is over in Florida where evening and then darkness has set in.

**Therefore the solar lunar calendar unity proposal cannot be achieved in this age and will not, until ALL ISRAELITES from ALL DIFFERENT AREAS, are all back together in the earthly Jerusalem in the atid lavoh or the age to come, where we'll experience the same daylight 12 hour portion!** Thus, we must use the sun and moon locally in THIS AGE, as locally, it will be an EXACT appointment that YHWH has assigned for your locality. The unity we can achieve at this time, is the unity of all born again Israelites guarding the true Shabbats and the true solar-lunar calendar in their locality. The unity is in the MEANS and in the efforts of determination (all using the same calendar of the 2 faithful heavenly witnesses) but NOT in the same exact time all over the world, as that is impossibility in this age.

Another very powerful consideration is this:

Galutyah-Galatians 4:

**25 For this Hagar is Har Senai in Arabia, and corresponds to Yahrushalayim that now exists, and is in slavery with her children.**

**26 But the Yahrushalayim that is above is free, which is the eema-mother of us all.**

We have NO ONE in Jerusalem Israel today that we know of personally that guards the solar-lunar calendar correctly. If we submit to the Karites in calendation, we will be following those that are not Nazarene Yisraelite disciples. Moreover, we will follow their first crescent sighting, which can and usually does put people 2-3 days late, for Shabbats and annual moadim, meaning the moon is already 2-3 days (old) into its lunation cycle, by the time it MAY become visible. While it may be true that in the old days the New Moon was declared by the sighting of the first crescent, that is only because modern means did not yet exist and still did not negate the fact that astronomically the Jews of yesteryear were in FACT off in their New Moons by 2-3 days. Astronomy is a mathematically exact science. YHWH allowed their tardiness because their hearts were pure and seeking to observe the appointed times with the tools they had. Just because the ancients used alcohol to perform dentistry, does not mean it was the correct or the best way.

But with the advent of moon phased computer technology software, we now know for perhaps the very first time in human history, exactly when the true New Moons are and as we know they now can also CORRECTLY determine all moon based Shabbats in all areas.

**This is a direct fulfillment of prophecy as Daniel 12:4 promised us that KNOWLEDGE (specifically astronomical knowledge as Daniel was an astronomer-magid and much of Daniel's ministry was determining times and seasons WHILE IN EXILE) WILL ABOUND AND INCREASE in the last of the last days.** So the stark reality is that only with modern technology can we affirm the correct New Moons and correlated Shabbats (Psalm 104:19, Leviticus 23:1-4) as the sun and moon are astronomical exact tools that function via nano second precision and are the ONLY 2 true and faithful timepieces given to mankind. What has improved is the ability to read them on time and not some 2-3 days late.

**By submitting to the Jerusalem BELOW, as do all those who follow the Jewish calendar, we are in accord with and to the rabbinical Jews, who according to Rav Shaul are IN BONDAGE to this hour.** Now today, 2,000 yrs. later, the bondage is worse, as at least in the first century, there was a remnant of about 1 million Nazarene Yisraelites to guide us in MarYahYahushua's methods of calendation. Today the Karites don't represent us in the land; the Rabbinate does not represent us in the land either, as they give us Saturn's Day as the Shabbat, a day which is in fact the FIRST (not the 7<sup>th</sup>) day

on the original Julian and Gregorian calendar, a recorded FACT that cannot even begin to be denied! So we are without righteous representation in the land of Israel and even if we had righteous representation, the different time zones and daylight periods throughout the Diaspora make the earthy Jerusalem unity time proposal, a waste of time, when it comes to attempting unity on the issue.

Rav Shaul goes on to say that the Jerusalem from above is FREE from sin and bondage...Now where are the 2 witnesses, the sun and moon located? In the heavens, where the New and true Jerusalem is? Or where many of the sons of Cain are and where the sun and moon DO NOT RULE in the Jerusalem below? (The bondage of the Gregorian-Jewish amalgamated calendar rules). The modern Jewish calendar is divorced from the phases of the moon, when it comes to determining the weekly 7<sup>th</sup> day Shabbat, as it was originally shown to Moses. While the sun and moon rule from the New Heavenly Jerusalem, the calendar of the rabbis and of Rome rule from the earthy Jerusalem, which Scripture says is in bondage and slavery, as it is submitted to religious slave masters, that lead the people of Israel astray. The same religious spirit of Ishmael-Islam and Allah is in Jerusalem today, as it is in Saudi Arabia, the original location of the real Mt. Sinai. It's a spirit of religious bondage and oppression and all those who seek unity with it are buying into the bondage of a religious system, no different than Ishmael and his Edomite children. Revelation-Gilyahna 11:8 is MOST sobering, as it calls the current earthly Jerusalem SODOM and EGYPT, the very same CITY where our Master Yah was impaled. Why would anyone want to get the timing of their Shabbats and New Moons from what today remains spiritual SODOM and EGYPT? Remember when we were in Egypt before the exodus, we did not follow the true calendar which was first given to the entire nation in Exodus chapter 12. We cannot argue with Scripture, even though we may love the Holy Land of Israel and the promised land of our ancestors.

There is a danger that in the pursuit of a hoped for proposed unity, that we might align ourselves in a league with the anti-messiah spirit of the children of bondage that controls the Jerusalem below, with Islam on the Temple Mount itself; a bondage that has divorced Israel from the original moon based Shabbats and in its place installed Saturn's-Day...that's a kind of proposed unity that must be avoided, not sought out!

That's why the NEW Jerusalem will SWALLOW up the old one in the atid lavoh, age to come! Gilyahna- Revelation 21:1-2. YHWH's stated plan is to SWALLOW or destroy the OLD earthy Jerusalem in bondage with their children and with those led by them and swallow it with the Heavenly Jerusalem, where Melech Yahushua alone rules, along with his 2 faithful time pieces the sun and moon. They rule over and from the New Jerusalem unhindered and unencumbered.

Think this through very deeply.....there is no right and wrong answer here...it all comes down to what citizens are we? New or old Jerusalem? Kaiser or Yahushua?

As opposed to getting our time from the earthly Jerusalem, which will not create unity because even Saturday observance does not bring unity, because while it may be Saturday in China, it's actually still Friday in the USA. The sun and moon however will work EVERYWHERE you are, or anywhere you may live UNLIKE THE JEWISH CALENDAR! This is wonderfully confirmed as proof of the true eternal calendar in Psalm 19 where we read:

**1 The shamayim declare the tifereth of El; and the expanse shows His handiwork.**

**2 Day-to-day utters speech, and night-to-night reveals da'at.**

**3 There is no speech nor language, where their voice is not heard.**

**4 Their line is gone out through all the earth, and their words to the end of the olam. In them has He set a sukkah for the sun,**

**Close-In** other words, day and night are different as seen in verse 1. Day utters SPEECH, night reveals cosmic KNOWLEDGE. But here in verse 3 we have the key!

**THE SUN AND MOON ARE DESIGNED TO WORK FOR THE EXILES OF YISRAEL IN ALL NATIONS!!!! UNLIKE THE JEWISH CALENDAR, THE ORIGINAL ATTEMPT AT PROPOSED UNITY.....'THEIR (SUN AND MOON) VOICE IS HEARD IN ALL NATIONS.'** They work PERFECTLY regardless of where on earth you may live or may be at any moment. Verse 4 teaches us that their LINE, a direct VOICE-LINE from the New Jerusalem above works in all the earth. The WORDS of calendation and moadim/seasons sound clear WORDS to ALL the ends of the earth, making sure you can keep a LOCAL SHABBAT specifically APPOINTED FOR YOUR LOCAL AREA!!! WOW!!!

This is unlike the unclear and deceptive words of calendation, coming from what the Book of Revelation calls spiritual Sodom, where Yahushua MarYah was crucified. We do love the land of Israel and the Jewish people, but sadly their calendation and other doctrines will entangle you in a yoke of bondage, which we must avoid, as this age draws to a quick close. In the age to come under Messiah, all Israel will in fact go by Jerusalem time, as the earthly Jerusalem adopts the time of the heavenly Jerusalem and as ALL OF us are in one place and in one accord, ruling and reigning with our blessed Redeemer!
