

Restoration between RAMYK and Rabbi Simon Altaf

Statement on Chanukah from YATI Int'l Ministries

Matthew 18:15-17

Scripture admonishes us-me that when we go to our BROTHER, not to some doctrinal clone, but our brother, and reconciliation occurs, we have gained our brother. Today I am so favored and blessed to see the Scriptures actually work, if there is enough humility to go around. If we serve a kingdom, HIS, greater than our hurts, rejections and pains, restoration and a prosperous relationship can re-occur.

Rabbi

Simon Altaf of Abrahamic Faith Ministries and I have reconciled past differences and desire to work together whenever possible, for the restoration of the emunah-faith once and for ALL TIMES delivered to the saints. If we are to restore biblical Torah living, it has to start with the heterosexual family. We plan to stand and proclaim the Torah pattern for biblical marriages, both mono and plural, IF they are done by a lifetime covenant, based in Torah.

We restore our friendship, realizing the 12 shlichim-apostles not only hardly agreed upon anything, but all had different callings. Yet what united them was A BELONGING to the royal priesthood of the sons of Zadok, the spiritual seed of Yahushua and the true royal family of Yisrael. This follows on the heels of my own reconciliation with my very good friend Dr. Jackson Snyder...we are showing those still harboring grudges. that they are wasting their time in their isolation from us! Let us all seek LIVING FAITH not mere doctrinal faith!

On behalf of Your Arms to Israel Int'l Ministries and its staff, now entering the 27th year of service to the body of Messiah, we present this restored relationship to our Redeemer, as a token Chanukah gift, in this season of giving gifts and LIGHT. What greater gift can we have given to our Master and His Yisraelite body. May the LIGHT of the WORLD be most pleased with the light of this very special Chanukah season or restoring the temple and altar that had been previously defiled! Shalom!

The RAMYK

Rabbi Apostle Moshe Yoseph Koniuchowsky
